Come right this way, right this way
If you follow, I promise you'll be okay
Come this way
Be that way, be that way
I want you, I need you to be okay
What do they know?

Now I'm falling down
Now you're falling down
And now I'm trapped
Oh, you're trapped

Everytime I see you
I want to sail away
Everytime I see you
I want to sail away

Through the night that sounds great
I know it'll be okay
Just come this way

Your feet on the dash, we break, we crash
I see you go flying into the night
Forever is past

To the falling down
To the falling down
Ooh, you're trapped
Oh, you're trapped

Everytime I see you
I want to sail away
Everytime I see you
I want to sail away

The lights won't bridge the gap
Through that old day

Everytime I see you
I want to sail away, just sail away

Everytime, now, everytime, now
Everytime, everytime, everytime, now

Everytime I see you
I want to sail away
Everytime I see you
I want to sail away

The lights won't bridge the gap
Through that old day
Everytime I see you
I want to sail away, sail away

Just sail away
Just sail away
Just sail away
