give her back and give him back to her  
her charlie stayed fenced in on underwood road, she grew old and  
she forever took off her riding boots  
youve been handed a year  
don't let yourself forget you know the right way  
don't leave those dirt trails dead  
always heard the roar for miles, ears were always burning  
don't listen to what the holders told you  
don't look to what the old will writers left you  
I'm proud of you now, i've missed you for years  
seems like its just holidays,  
we chase yellows you and i, we chase yellows you and i  
shortest sleep, longest dreams of downing beating hearts  
don't walk, just roll down the aisles  
don't contort to the shape of easy, don't settle for just better or worse  
don't set in your ways,  
you know you can lean into me, you can lean into me,  
bluest gills, grayest eyes, lean into me
