The girl at the drive-by said, a guy in a shirt and tie, attacked her homeboys with a baseball bat. When I asked them for a loan, they said I wasn't economically viable. We're having a territorial dispute on your pissing ground. There's a man with a smiling face, a happy customer. Said he'd fix my prices, bust up merchandise. He has a propensity for violence. What did this guy do, threaten you with a credit card?
