It isn't easy when the world
Turns it back on you.

I am the fire burning down this scenery.
Honestly I never really thought you'd make
It this far.
This was all on me and I can't take it back.

You made me feel like I could
Take over the world.
But your words
Didn't mean a thing to me at time
But now I wish I could hear them once again.

Bring back my life.
retrace my steps.
Full speed ahead.
Don't back this out.

This was all on you
And you can't take it back.

The secret's out and all I hear is
The fire burning down our bridges.
Still I'd carry you home
Through the fire and the flames.
If you need me there you know I will be.

Can you honestly say that
I was the only one?
I can't think of anything worse than
To realize that I was just
The dead end of all yours options
When you where always on the
Top of my priorities.

This was all on us and we can't take it back.

The secret's out and all I hear is
The fire burning down our bridges.
Still I'd carry you home
Through the fire and the flames.
If you need me there you know I will be.

I can only speak for myself in this.
But I would regret not saying
What I came here to say:
I fucking miss you. I am on my knees.

The secret's out and all I hear is
The fire burning down our bridges.
Still I'd carry you home
Through the fire and the flames.
If you need me there you know I will be.
It doesn't matter if our bridges are burning
Cause if you need me there you know I will be.
